

Ann Fey

New ACBL Regional Master

About 5 years ago Ann was looking for an activity where she could socialize. Ann did a lot of physical work at home and needed something where she could use her mind. The local bridge club was sponsoring a great beginner bridge class, compliments of Jim Schwab of the Flathead Duplicate Bridge Club so she thought she would try it. Ann had not played any bridge before. The club was gracious in helping her assimilate with many very good players helping her along the way. So far Ann has

only been able to play in the local tournament, but hopes to expand to more locations in competitive play.

Ann will always be grateful to all the players that helped her start and she is

so proud to be a part of a club that has come so far in the past year with their own facility. Kalispell, MT. is a great place to play bridge!!
