

Marilyn Fleming

New Sectional Master

Marilyn loves Duplicate Bridge. A dear friend encouraged her to play Duplicate. She had played social bridge for many years but loved the challenge of learning to play Duplicate. Marilyn has met many nice people that she would never have met. She enjoys being asked by some of the experienced players to partner with them. Marilyn is competitive by nature and this is right down my ally.

Lethbridge has a very friendly membership and good teachers who are dedicated to helping beginners. She look forward to developing her play with her partner Kathleen and going to some tournaments in the future to win GOLD.

Bridge is definitely good for the brain, Marilyn regrets not starting younger.
