

Pat & John Logan

New ACBL Life Masters

Pat and John planned carefully so they would achieve their life masters at the same time. If one got a little ahead, the other would play on line to catch up. They were able to tip over the 300 point at the National tournament in Denver in December. Bridge has been an enriching part of their lives; cementing old friendships and making many new ones. They appreciate what the ACBL has done in encouraging old and new members.
