

I have been playing Bridge in Calgary since the mid-1980s. After 30 years away from the clubs I have returned. I strongly believe that if you are going to be part of a community you need to support that community. I am hoping to do so as the District 18 Alberta rep.

I have recently learned to become a Director and launched my own game, Addicted to Bridge, at the Calgary Bridge Center. It is a 0-500 game designed to support beginners. I am also teaching Learn to Play and intermediate classes and when I have time, I like to help out Delores with the Bid n Play she runs.
